Have you seen the new website?

Well... I FINALLY did it. I got the new website up and going. Its taken me almost 3 years to update the website. Yikes... I was always hesitant to show people the website before. I actually like it now. (Dont worry I have already started on the new design of the newer bigger better website... however you have 3 years before I get around to it so get used to this one HA!) The nice thing about this one is its very dynamic, meaning we can update the photos often and switch it out for newer and more fun pictures when we get sick of the other ones. I would be happy to hear any advice ideas or just happy comments about the website. So feel free to drop me a line or leave a comment. I know there are a few things still undone. The specials section and the about me is very... non informative I know this already. Im working on it still. I promise I'll get it done soon. Well anyway check it out! Great new stuff happening. Stay posted. I will be "blogging" a lot more frequent from here on out!

www.faces-photo.com

Also I have started a blog. Welcome to being able to read all about what I do. I will try to at least update it once a week. Keeping you posted on the happenings of Faces. I've never been much into blogging but I guess I will have to get used to it. Furthermore something I never thought I would do is Twitter. <http://twitter.com/chadbfaces> This will be updated frequently and will have many contests and special on it. Check it out!

Lavender Field Family Photos

Good news! If anybody needs family pictures I just recently stumbled across one of the coolest opportunities for photography. There is a farm down in Mona, Utah that blooms only twice a year. I called to find out when the lavenders would be in bloom. Well good news! They will be in bloom for one more week! Call now about pictures to reserve your spot. Its ONLY one more week until they harvest the flowers and will be gone. I am taking appointments and have made a special for this opportunity. Get a free 8x10 when you book your appointment in the lavender fields. And for those of you with busy working schedules this is good news too because the perfect time at the fields is 7 o'clock to 9 o'clock. Which gives your family enough time to get off work and head down to get some memorable family photos. Remember ONLY one more week. Call now 801.748.2283

Loved You First
 C O L L E C T I O N

I am so extremely excited to announce something new we are offering at Chad Braithwaite Faces Photography. I would like to thank Erin for giving me the idea and

everyone else here for helping me make it possible. We call it the Loved You First collection. For those of you who have heard or participate in the baby club, we have restructured and improved everything to do with it. Loved You First Collection is the Prequel to the Baby Club. For those of you expecting children we designed this collection for you. We want to make those first moments last. We wanted to make it so dad didn't have to hold the camera, video camera and mom's hand all at the same time. We wanted you to focus on what's important. We are there to allow you to enjoy these first moments. To fall in love "first" and never forget... It includes a maternity photoshoot where mom and dad can come and spend that close moment to cherish life and show how truly beautiful this gift of life can be. Along with the maternity shoot includes a free sitting fee and 8x10. But more importantly, we are there at the hospital with you for that special day. We take photos of the family in the waiting room, of dad nervously waiting for the moment and those first breaths of life of the newly arrived. The nurses then rush the baby off to weigh in, measure and dress the baby. We are there to capture every special moment so you don't have to worry. And you can enjoy what is most important. We put everything together in a special DVD that you can watch over and over. We have already done some and I would like to share with you how touching this moment can be. Thank you Amber and Cindy for letting me share these with everyone and post them for all to see. [Click here to view these videos.](#)

Heaven Sent

C O L L E C T I O N

Next on the announcements is the Heaven Sent Collection. I mentioned that the Loved You First Collection was the prequel to the Baby Club. Well the Heaven Sent Collection is the Baby Club on steroids. We are changing the name from the baby club to the Heaven Sent Collection and adding many new features. For those of you who don't know about what the baby club was let me explain the new collection. Once your baby is born for the first year you are covered for pictures. Every three months your sitting fee and an 8x10 are free. (Newborn, 3 months, 6 months, 9 months and 1 year.) At the end of the year we also offer you a free 11x14. Features we have added thanks to our customers suggestions are: Proof books and Half Price CDs. As most of you know we sell our pictures by the sheet. However, I can't tell you how many times I've had a parent want just one 4x6 of each. That way they can get the laughs, cries and funny faces. Well now we have a way... we found a company that allows a proof book which can be up to 32 individual 4x6s. For members of the Heaven Sent

Collection we offer the proof book for only \$75 (Regularly \$125). Also many of you ask about buying the CD of the shoot. Regularly our CDs (allowing you to print) are \$200. For the Heaven Sent Collection we are offering 50% off those prices. Congratulations... this is our gift to you. We are excited about the new "Face" of the baby club. We'd like to introduce you to the Heaven Sent Collection.

One Step Ahead C O L L E C T I O N

In addition we've added the One Step Ahead Collection. For those of you Heaven Sent Collection graduates we'd like you to meet the One Step Ahead Collection. This collection includes the growing years for your child. The first steps, the first word, there are a lot of firsts after that first year. This collection includes 18 months, 2 year, 3 year, 4 year and 5 year photos (free sitting fee and free 8x10 each time). An 11x14 is also free at the end of this collection. The new proof books and half priced CDs are also available for this collection.

I am very excited this month for all the new happenings. Stay tuned there is MUCH more to come.

Sincerely,

Chad Braithwaite
Faces Photography

Interested in learning how to take pictures and photoshop?

Let me explain a little bit about this idea. This is for everyone. Everyone is invited to join whether you have a new digital SLR camera or just a regular point and shoot. Film or

digital everyone is invited. We will spend a day taking portraits of models kids and families. Teaching lighting and posing to help refine everyone's capabilities. We will help you learn to use your camera's full functionality and understand what all of those silly buttons mean. You will learn how to take those shots you've always wanted. For most people studio lighting is not an option. We will show you how to use natural lighting and capture those amazing moments of your family. The next day we will offer some indoor and studio pointers and lessons. Then use the pictures we have taken and learn how to photoshop them to get that "perfect" picture and final product.
